1. The particulars of its organization, functions and duties

The Central Institute of Brackishwater Aquaculture (CIBA), one of the eight institutes under the Fisheries Division of the Indian Council of Agricultural Research (ICAR) was established in April 1987 to conduct research and provide technology support to the brackishwater aquaculture sector. The Headquarters of the institutes is located in Chennai city with field and farm facilities at Muttukadu, about 30 km south of Chennai. A Regional Centre of the Institute with brackishwater aquaculture farm facilities is located in Kakdwip at South 24 Paragnas District, West Bengal.

VISION

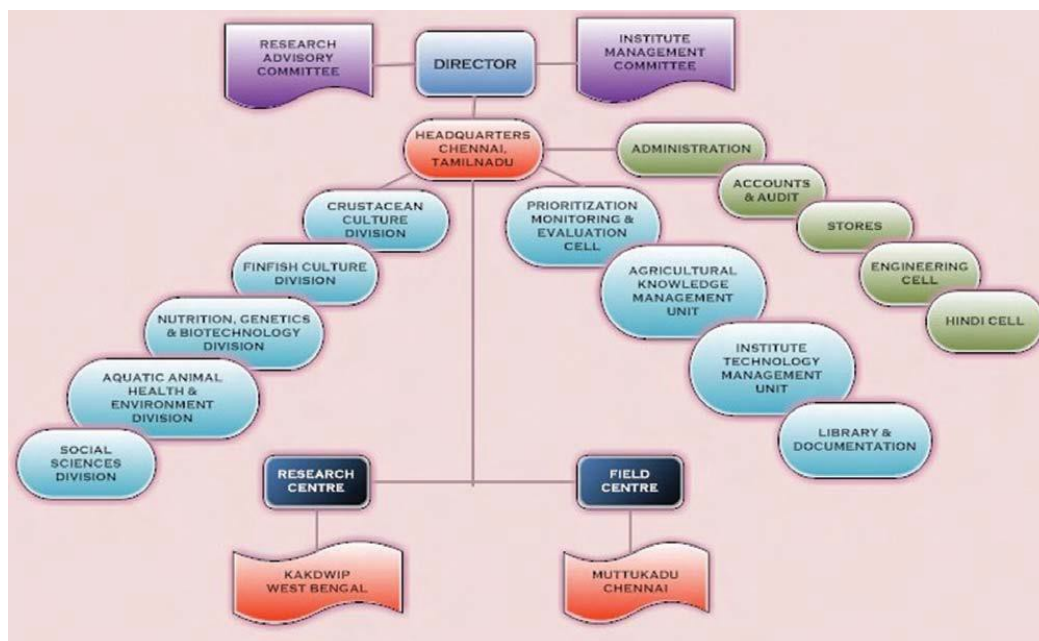

Environmentally sustainable, economically viable and socially acceptable brackishwater aquaculture, that increases the earnings of small scale fish farmer and provides quality produce to meet the diversified requirements of consumers.

MISSION

Further science to develop cost-effective technologies and facilitate growth of brackishwater aquaculture in an environmentally sustainable and socially acceptable manner.

MANDATE

- To conduct research for development of techno-economically viable and sustainable culture system for finfish and shell fish in brackishwater
- To act as repository of information on brackishwater fishery resources with a systematic database
- To undertake transfer of technology through training, education and extension education programmes
- To provide consultancy service
