

EXPRESSION OF INTEREST (EOI)

Installation, Integration and Commissioning of Super Intensive Precision and Natural Shrimp Farming (SIPNSF) technology

The Central Institute of Brackishwater Aquaculture (CIBA) under Indian Council of Agriculture Research (ICAR) is involved in development of farming process for improving the productivity in brackishwater aquaculture in the country. In this pursuit, the institute has developed a novel Super Intensive Precision and Natural Shrimp Farming (SIPNSF) which is protected with the patent and trademark. After successful demonstration for 14 harvest cycles, for uptake of this technology among the industry, the institute intends to identify a competent agency for installation, integration and commissioning of the SIPNSF technology under the consultancy mode. In this context, this Expression of Interest (EOI) is invited from the firm/companies to award the license for wider implementation across the country with the following terms and conditions.

The terms and conditions for license agreement

1. This license agreement is on a non-exclusive basis for commissioning within India only, through use of ICAR-CIBA expertise.
2. The firm/company awarded with the license shall execute the implementation of the SIPNSF technology with a tripartite agreement involving the 1, Client (end user), 2, Licensee (firm/company) and 3, ICAR-CIBA (Technical partner).
3. The firm/company obtaining the license shall use logo and trademark of SIPNSF at the units commissioned.
4. The institute upon request shall provide a standard model Detailed Project Report (DPR) for 4+1 unit
5. The license holder shall use this standardized DPR for participation in any tender seeking SIPNSF technology.
6. The responsibility of ICAR-CIBA is limited to training, capacity building and consultancy services for one cycle only.
7. The completion of the infrastructure shall be the sole responsibility of the Licensee.
8. Any legal/regulatory compliances shall be the responsibility of the Licensee/Client as the case may be.
9. The intellectual property rights of the technology (in part or in full) rests entirely with ICAR-CIBA.

10. The SIPNSF technology shall be neither modified nor altered in any form by the Licensee/Client.
11. The license agreement shall be valid for the period of three years from the date of awarding the license. On the expiry of the contract or on its termination, the CIBA reserves the right to renew the contract on terms and conditions that may then be mutually agreed upon.
12. The document submitted along with application shall be scrutinized by a high-level committee approved by the competent authority and the suitable party.
13. A certificate shall be issued to the successful party; being trained and licensed to use this technology process for establishing turnkey projects.
14. An intellectual/consultancy charges comprise a payment of Rs. 30 Lakhs (Thirty lakhs only) plus the GST as applicable. These charges are not refundable at any circumstances.
15. The firm/company licensed to execute the SIPNSF technology shall be liable to pay consultancy and training fee of 5% (inclusive of 0.5% institutional charges) of DPR value along with the applicable GST for the projects implemented.
16. ICAR-CIBA shall not be liable for any physical damage/ crop failure of the SIPNSF system during the course of the agreement period.
17. The firm/company shall not be permitted to modify, substitute SIPNSF technology process under any circumstance. However, technological upgradation can be undertaken by ICAR-CIBA based on the user feedback.
18. The firm will be entitled to get the new updates on SIPNSF developed, free of cost during the period of license agreement.
19. The ICAR-Central Institute of Brackishwater Aquaculture (CIBA) reserves the right to accept or reject any or all the EoIs without assigning any reasons thereof.
20. Submission of EoI does not guarantee shortlisting or award of the license.
21. ICAR-CIBA reserve the right to modify, amend, or cancel this EoI at any stage without assigning any reason.
22. The firm/company must not have blacklisted/debarred by any government authority in the last three years
23. The ICAR-CIBA at its discretion invite the participating firm/company for technical presentation, expressing the technical capability from EoI parties.
24. The legal jurisdiction for any dispute between the parties shall be at Chennai, Tamil Nadu

25. The application shall include the following documents

- **Company profile:** A detailed profile of the firm/company, including organizational structure, background, core area of expertise, relevant experience in the proposed workplan, years of experience, key technical personnel with their technical background.
- **Experience details:** Information on previous experience in execution of similar aquaculture projects with relevant work order, completion certificate and performance credentials. The proof for the company's engagement in aquaculture projects at least for the last five years shall be submitted.
- **Technical capability:** Description of the technical strength of the firm/company mentioning the capacity to install the structures as per the prescribed specifications.
- **Proposed implementation approach:** A brief outline describing the understanding of the technology implementation, timeline, technical capacity of the staff members etc.
- Declaration form: The declaration form as attached in Annex A
- Details of the firm/bidder as per Annex B

26. The interested firm/company is required to submit the EoI in a sealed cover along with prescribed documents in registered post/email (address given below). The envelop should mention 'Expression of Interest for Installation, Integration and Commissioning of Super Intensive Precision and Natural Shrimp Farming (SIPNSF) technology'.
